KING KOIL

KING KOIL®

Evolution of King Koil Brand Over Many Decades

One of the oldest global mattress brand

In 1898 Samuel Bronstein realized his dream in St. Paul Minnesota. What started out as 6 employees in a small factory has steadily grown to a top-tier global corporation. Today King Koil mattress can be found in over 100 countries throughout the world, with its worldwide headquarters located just outside of Chicago, Illinois. As time has passed the technology has changed, but the level of commitment to quality and service has remained the same. Along the way, King Koil has received many prestigious distinctions including endorsements from the International Chiropractic Association (ICA) and the Foundation for Chiropractic Education and Research (FCER). The future of King Koil is already taking shape with advances in research and development techniques and the creation of industry-leading applications to help identify proper sleeping comfort for consumers. We adopt and adapt new technology to stay fresh and relevant with our changing world.
